

County Administrator Ingstad

On Behalf of Emergency Communications Network (CODE-RED) I would like to present Becker County with our "CODE RED" Hero Award!

Emergency Communications Network CODE RED Hero Award recognizes individuals and groups who have used their system to keep residents safe and make a difference in the lives of others. The County's use of the CODE RED system in March 2016 to evacuate a town post a train derailment exemplified the heroism and proficiency we look for when identifying CODE RED heroes!

We appreciate all of the service you provide to the county, are proud to be your partner and wish to recognize your efforts and success.

Thank you for everything that you do each day!
