Free Recycling of Ag and Boat Wrap Plastic

Collection canisters, free of charge, may be available for qualifying farms, dairies,
And other Ag related businesses.

DETROIT LAKES, MN- JUNE, 2017- Becker County farmers, boat storage dealers, and other agricultural related businesses there is now a free opportunity to recycle your business related plastic. Revolution Plastics is expanding into west-central Minnesota and is looking for farms, dairies, and boat dealers that generate used and unwanted plastic wrap. Revolution Plastics will provide on-site, free-of-charge, 8-yard capacity canisters for farmers and dealers to place their unwanted plastic. Revolution Plastics will pick up the plastic at your farm or business on an ongoing basis. Silage plastics, used bale wrap, Ag bags, bunker covers, and barrier film may be discarded in the canisters provided by Revolution Plastics. Used irrigation tape and tubing, and greenhouse plastic are also recycled by Revolution Plastic and may be included in the canisters.

Used ag wrap and silage plastic is a significant problem in Minnesota with few means of proper disposal. Unfortunately, ag plastic is often buried or burned on site, which is against the law and not a sustainable means of disposal. Recycling plastic saves resources and protects the environment and saves consumers substantial time and money. Revolution Plastics' program supports Becker County's goal to remove as much Ag related plastic from the waste stream so it can be recycled to save resources.

Farms, dairies, boat storage dealers and other related business may contact Revolution Plastic directly. Sign up today at www.revolutionplastics.com, call 844-490-7873 or email collections@revolutionplastics.com

For more information please contact Sandy at 218-846-7310 or slgunde@co.becker.mn.us

WHO WE ARE...

Revolution Plastics collects ag and silage plastic from farms and dairies and recycles the material at its United States-based recycling facilities.

Our mission is to provide high-value, sustainable solutions to our customers through innovative closed-loop recycling systems that preserve our environment for future generations.

Free, On-Farm Ag and Silage Plastic Recycling Program

OUR SERVICE

Depending on your location and plastic use, Revolution Plastics will spot and empty a dumpster on your farm or dairy at no cost to you. The program is limited to the collection of the approved plastics below:

- **SILAGE PLASTICS**
Used bale wrap, ag/grain bags, most bunker covers and oxygen barrier film
- **AG PLASTICS**
Used irrigation tape and tubing, greenhouse, hoophouse, fumigation and other cover films

Email: collections@revolutionplastics.com
Phone: (844) 490-7873

Exclusions apply. Not all farms and/or dairies that sign up will qualify for a dumpster.
