B. whether or not the home will serve as an emergency shelter home, a treatment foster care home, or a home for medically fragile children; and

C. circumstances when the ratio of one adult to five children does not need to be maintained.

The statement of intended use must be approved by the licensing agency, but may be modified at any time by agreement between the licensing agency and the license holder to reflect changes that affect the placement of children in the home.

Subp. 5. Program outcomes. The license holder must cooperate with the licensing agency's attempt to determine the outcomes of a child's foster care placement. The outcome information must be shared with the license holder and incorporated into the evaluation process outlined in part

The foster parent must give the emergency procedures to the agency, and the foster parent and licensing agency must review the emergency procedures during relicensure.

Subp. 4. Pets. A foster home serving children less than six years of age must not keep reptiles, chickens, or ducks as pets.
