

Meet the Poll Pad

By KNOWiNK

Poll Pad has replaced the outdated and inefficient paper model that is often the cause of long lines at the polls and inefficient election record keeping.

The Poll Pad solution provides a seamless electronic voter check-in and verification process for election authorities across North America. Poll Pad is a secure Apple iPad application requiring no appendages for operation.

Poll Pad Features

- Process voters in approximately 35 to 40 seconds.
- Mitigate long lines with fast and secure voter look-up.
- Elections can be finalized and submitted within hours of election close.
- Improved accuracy and reduced preparation time and storage requirements with the elimination of paper logs.
- Poll workers or voters cannot leave the application without a password, preventing user error, a line slow-down, or creating a potential security issue.

Poll pads will be utilized at all cities and townships with over 500 registered voters.

- City of Audubon, Burlington Township, Cormorant Township, City of Detroit Lakes, Detroit Township, Erie Township, City of Frazee, Height of Land Township, Lake Eunice Township, City of Lake Park, Lake View Township, and Osage Township.
